Marks Street
Senior Center,
99 E. Marks St.
Orlando
(YNs at 6.45)

The Picnic

Really great weather, good food, and a gathering of about a hundred members and guests met at Derby Park in Sanford. The fare consisting of Steaks, chicken and salmon steaks featured the eating. The kids lined up for hot dogs and hamburgers, and every one feasted on salad, baked beans, baked sweet and white potatoes, stewed onions, and the nibbling stuff M&Ms, potato chips, chip and dip and on and on. If any one came away hungry it was certainly their own fault the food was there.

And we played games .. The golf putting greens, horse shoes and we had fun tossing plastic plates instead of the airplane toss; different and lots of fun. The coin jar had \$21.21 for the winner.

Donna Moon and Keith Gandy and crew did a magnificent job and are deserving of lots of thanks.

Featured Coins!

(Nov '12)

1940-S Mercury Dime-MS65 Full Bands

Brilliant white and lustrous with a virtually perfect strike and no marks worth mention.

The bands on the reverse are sharp and fully split.

PCGS Price Guide \$110

Minimum Bid \$55

There's only one coin this month, since there's only one meeting.

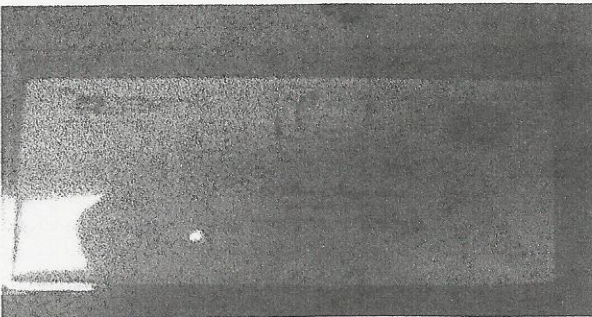

Mint Marks

We're still looking for volunteers to man the registration booths at the **FUN show** in January. The CFCC table is manned.

Show n Tell. Bob Russell brought in a specimen of the 'party gift' at the 1989 CFCC holiday party; Stapled cents signed by the (then) president, Tom Palmer An envelope from some time

ago with a dime taped to the envelope instead of a stamp. The envelope had been cancelled by the post office right over the dime.

Coming Up

November– One meeting- November 14th.

December 12th– Christmas Party.

Hits n Misses

First disk out of the dish ... 'Bob' Russell. He chose envelope #4, and sold it. The draw for the educational certificate went through

Justin Wurst and Alan Gorewitz before David

Gold claimed it. Mike Bauer let Jeannie Neff claim the silver dollar. At the second meeting Josh Gorewitz, Joe Farr, Francis Colecio, Stan Trysbiak and Ron Fursa allowed Dale

Bandy to collect the educational publications certificate. The late draw was easy ... Linda Durrance took the silver dollar.

YN Corner

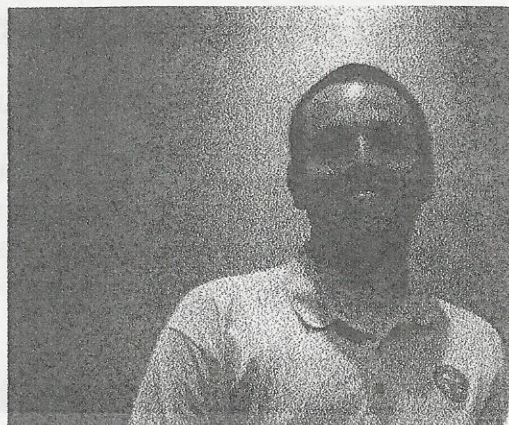

Happy Collecting!

Dan Aidif

The Standing Liberty Quarter

Zach Lauer

Standing Liberty Quarters began circulating in 1916, side by side with the Mercury dime and the Walking Liberty half dollar. There are two types of designs for the Standing Liberty quarter, or SLQ. They are the type 1, or the exposed breast type, which was used in 1916 and part of 1917. During 1917, the public thought that Miss Liberty should be covered up. So in the middle of 1917, Hermon MacNeil, the designer of the SLQ, went back to the drawing board to try and please the public. He accomplished this task by covering Miss Liberty with chain mail. This design pleased the public.

The type 2 design has the chain mail covering Miss Liberty's breast and has 3 stars below the eagle on the reverse. That wasn't the only problem with the series though. Designers soon found out that the date was one of the highest points in the coin, resulting in it wearing off too quickly. The designers didn't modify this until 1925, when they recessed the date to prevent wear. In 1916, the coiners struck a limited amount of SLQ's since they still had to coin the last of the Barber series. The final mintage came out to be only 52,000 coins. By 1917, however, mintages climbed by an enormous rate. The minting facilities that produced SLQ's are Philadelphia, Denver and San Francisco. They were minted until 1930, when production ceased due to the Great Depression. Also, the upcoming of George Washington's 200th birthday and a planned commemorative quarter to honor him, spelled the end of the Standing Liberty Quarter

Reminders:

One meeting in November, (the 14th)

One meeting in December, (The annual party on the 12th)

AND ...Numisnotes goes 'paperless' with the January edition.

If you have not all ready done so, we need your email address so that we can get NNotes to you.

You can simply tear off the portion of this page that has the mailing address on it; jot your email address on it and bring it or send it to Me (Paul Bricker), Donna, or Steve Lauer. Or you can always use "snail mail", at the address on this news letter.
